

Registration rules for the full-time study students at the Faculty of Electrical Engineering Warsaw University of Technology

1. Students of the Electrical Engineering Faculty are obligated to follow point registration system taking in to account the requirements of the WUT Academic Regulations.
2. The amount of transferred points (ECTS) obtained in a semester is the sum of points assigned to the particular subjects passed in a proper semester.
3. Full registration requirements mean necessity of passing all the obligatory and elective courses assigned to the proper semester and collecting amount of the ECTS credits specifies in the study programme for all the former stages.
4. Fullfilment of the full registration conditions specified for the stage of study, as well as for all the former stages, causes former stages recognition as passed.
5. Fullfilment of the minimal registration conditions enables registration of student for the next stage of study.
6. Stating no progress in learning based on unfullfilment of the minimal registration conditions constitute the basis for striking off the register of students.
7. Full and minimal registration conditions for each stage of study are specified in the below table:

Semester of study	Registration conditions		Acceptable failed courses only from semester	Registration required after semester
	Full (cumulative ECTS points)	Minimal (minimal amount of ECTS points)		
First cycle study				
1	30	16	1	Registration
2	60	42	1 or 2	Registration
3				---
4	120	96	3 or 4	Registration
5				---
6	180	164/160 ¹	5 or 6	Registration
7/8 ¹	214/244 ¹			
Second cycle study				
1	30	18	1	Registration
2	60	42	1 or 2	Registration
3	90			

8. Student who does not fulfill the minimal registration condition may apply in special and good motivated cases for a conditional registration for the next stage or repeating a year.
9. In case of repeating a year, student has to pass all the failed courses from the former years and collect credits for all the courses from the repeated year.
10. Repeating first year in the first cycle study or repeating the first semester in the second cycle study is impossible.
11. Student, who does not fulfill the minimal registration condition and does not submit a petition for conditional registration or for repeating a year or an application for extending the deadline for submission of the diploma thesis is struck off the register of students.
12. Issues that are not regulated in these regulations are regulated by the Academic Regulations at the Warsaw University of Technology.
